SUMMARY

Product Manager with **6+ years** building regulated, high-stakes digital products across Fintech, Insurtech, and Enterprise SaaS. Shipped **AI-powered KYC for tier-1 Indian banks** (Yes Bank, IndusInd), led a **$10M GenAI transformation** for Health Care Service Corporation at Deloitte, and currently own roadmap strategy for an **insurance platform serving 500K+ customers** at Sapiens International. Strong foundation in discovery, data-informed prioritization, RBI compliance, and cross-functional delivery — with an MBA from **JBIMS Mumbai** (Top-10 India).

EXPERIENCE

Sapiens International

Oct 2024 – Present · Bengaluru

Senior Product Owner — CoreSuite Insurance Platform

↓30% onboarding time | ↓25% abandonment | ↑15% platform adoption | 95% pre-prod quality

- Defined product strategy and roadmap for enterprise insurance platform serving **500K+ customers**, prioritizing 50+ features across 6 releases using a 4-factor framework (client breadth, strategic value, technical risk, revenue linkage)
- Led cross-functional delivery with engineering, QA, architecture, and client success — achieving **95% pre-production quality** with zero P1 defects shipped to clients
- Decreased transaction abandonment **25%** and increased platform adoption **15%** through data-informed feature optimization

Signzy Technologies

Jan 2024 – Sep 2024 · Bengaluru

Product Owner — Digital Onboarding Platform

↓40% acquisition time | ↑35% KYC accuracy | ↑25% revenue growth | 3 contract renewals

- Owned end-to-end product lifecycle for B2B digital banking platform serving **Yes Bank and IndusInd Bank** — reduced customer onboarding from 3 days to under 2 hours
- Identified root failure (silent drop-offs at document upload) through 3 months of transaction log analysis; deployed guided capture UI before touching the AI model — improved KYC accuracy **35%**
- Launched AI-powered KYC workflows balancing RBI compliance with UX; analytics-led pivots increased client satisfaction **20%** and secured **3 contract renewals**

Deloitte Digital

Nov 2021 – Jan 2024 · Mumbai

Product Consultant — Enterprise Solutions & Digital Transformation

60% efficiency gain | 78% AI draft acceptance | $10M program | 20% ahead of schedule

- Led **$10M GenAI digital transformation** for Health Care Service Corporation — mapped 180+ agent tasks, sequenced 10+ AI features by risk and impact, delivered **20% ahead of schedule**
- Sequenced smart email drafting before real-time agent assist; 78% AI draft acceptance in sprint 4 became the ROI proof point for expanding the $10M program
- Boosted user productivity **60%** on TruServe (Salesforce contact centre platform); defined requirements for Fortune 500 clients including **Apple Inc.** and HCSC

Iksula Services

Jul 2019 – Oct 2021 · Mumbai

Business Analyst → Product Manager — E-commerce

+16pp conversion | 6 products shipped | 95% client sat | Excellence Award

- Shipped 6 e-commerce products end-to-end for **ITC, Eureka Forbes, and ELC Toys** — discovery, wireframes, A/B testing, and go-to-market
- Drove **+16pp conversion improvement** by investing in personalization engine before checkout (discovery, not checkout, was the real problem); 22% abandoned cart recovery rate
- Received **Quarterly Excellence Award** — first awarded for "product ownership mindset" in a BA role
